

CONTROLLED FOAM DETERGENT FOR PORCELAIN STONEWARE FLOORS AND SURFACES

- Easily removes any kind of dirt.
- Low-environmental impact formula.
- Particularly suitable for porcelain stoneware surfaces.

SUGGESTIONS

In the spots with high dirt accumulation, leave on the product for some seconds and persist with the mechanical action of the floor-washing machine. For the spots not reachable from the floor-washing machine, please use the related products. GRES WHITENER GL is an effective detergent for the deep cleansing of white plastics such as garden furniture.

DESCRIPTION

The deposit of dirt on busy paving such as big shopping centres and industrial paving in general leads to unpleasant consequences that threaten both the image of the establishment and the security of clients and workers.

GRES WHITENER GL is a controlled-foam detergent with high degreasing power specific for the cleaning of floors, particularly of porcelain stoneware surfaces with the aid of floor-washing machines. The special formulation ensures the removal of all kind of dirt from any kind of surface, particularly from porcelain stoneware anti-slip surfaces besides restoring the original look of the tiles greyed over time thanks to its great bleaching power.

If diluted according to the conditions of use, the product is suitable for both the daily and extraordinary cleaning, ensuring the best cleaning result.

CONTROLLED FOAM DETERGENT FOR PORCELAIN STONEWARE FLOORS AND SURFACES

PHYSICAL AND CHEMICAL CHARACTERISTICS

Aspect	Clear liquid
Colour	Fluorescent yellow
Odour	Weak characteristic
Specific weight	1.290 g/ml
